

# Game Project

You will be put into groups. Your group will create a board game related to Spanish vocabulary. This game should be helpful for someone who is trying to learn the names for sports-related words in Spanish (like all of you). Each group member should help.

You will use construction paper, scissors and glue to make whatever you need for your board game (cards, game pieces, fake money, the actual game board, etc.). Be sure to include a set of detailed instructions with your game so that someone else can easily follow your instructions and play your game later. Your game should be for 2 or more people. **BE SURE TO INCLUDE THE NAMES OF EACH GROUP MEMBER ON YOUR GAME.** We will have a game day next week to try out all of the fun games you have made!

## **Grading Rubric (what you will be graded on)**

\_\_\_\_(20) Game should be useful in helping to learn Spanish vocabulary

\_\_\_\_(20) Game should include detailed instructions so that another person would be able to easily figure out how to play the game

\_\_\_\_(10) Game is interesting/creative/fun to play

\_\_\_\_(50) Work shows EFFORT. Student did not just do the minimum amount of work. The group has gone over and beyond to show that they have put effort into the Project.

\_\_\_\_ **Total Grade**
